kerakoll

Why Kerakoll?

Kerakoll Fugabella Color + Silicone color

New technology of Kerakoll brand:

Decorative Resina-cemento (resin-cement)

Suitable for tiles in porcelain, ceramic and natural stone

Full and smooth joints (in comparison to cement based fuga)

What is it?

Current grout available on the international market is:
Cement based **OR** Epoxy based.

Kerakoll Fugabella is a new **HYBRID technology**:
Mixing the formula creating a **Resin-cement grout**.
(So it is not cement, nor epoxy!)

Design Expression - Fugabella

Same tiles, different expression

Warm atmosphere

Cold atmosphere

Design Expression - Other Use

Fugabella Color is ideal on stoneware, mosaic and natural stone, opening up a wide range of design possibilities, from tone-on-tone effects to bold contrasting grout lines.

Kerakoll Microresina KK3 - for wood/ fixtures
water-based micro-resin with lacquered matt finish

Hybrid - resin/cement grout

Wall Wallcrete KK 29
Grout Fugabella Color 16
Fixtures Microresina KK 3
Floor Cementoresina KK 29

Characteristics - Fugabella

1. Fine-grain finish
2. Superior flexibility (0 - 20mm !!)
3. Water-repellent
4. High CATAS-tested chromatic uniformity
5. 50 - colour collection, color designer Piero Lissoni
6. Easy to clean and maintain
7. Suitable for underfloor heating systems
8. Can be recycled as mineral inert material, avoiding waste disposal costs and environmental impact
9. Naturally antibacterial
10. Green Building approved

Piero Lissoni - 50 color collection

Green Building Label

1. More hygienic, with antibacterial components
2. Carries protection against molds and bacteria
3. Eliminates risk of salt and lime developing
3. Generally more planet and human friendly
4. Better for the environment, but also for the health of the persons (no biocides : highly dangerous - cancer/environment)

Comparison Kerakoll Fugabella and other grout

Shelf Life

Pack	20 kg / 3 kg bag
Coverage	see coverage table on pack and technical data sheet
Shelf life	bag 3 kg ≈ 24 months bag 20 kg ≈ 12 months

Stock up on 3 colors ?
Check on expiry?

How much do I need?

Calculation can be made on the Kerakoll Fugabella website.

<https://products.kerakoll.com/en-GB/p/fugabella-color>

Example:

50 x 300 mm tile, 10mm thickness, 2mm joint, for 5m² : 4,3 KG = 2 x 3KG bags

*General note: 20 KG bags are not recommended.

Tile length (mm)	Tile width (mm)
<input type="text" value="300"/>	<input type="text" value="50"/>
Tile thickness (mm)	Width of joints (mm)
<input type="text" value="10"/>	<input type="text" value="2"/>
Surface to be covered (m ²)
